

ZHONGJI PAPER

Product brochure - thermal information update

This brochure is supplementary product reference material.

Earlier temperature claims have been removed from the following product pages. Thermal performance: refer to current product-specific web information at zhongjipaper.com.

Test results relate to the identified samples and stated conditions. Do not assume that one temperature or test report applies to every product, material, size or duration of use.

For the selected product, confirm the material, application, temperature and time with our sales team before ordering. Follow the appliance manufacturer's instructions.

PAPER INDUSTRY

Premium Paper.
Reliable Partnership.
Global Quality.

COMPANY PROFILE

Shandong Zhongji Paper Co., Ltd. was established in 2021 in Weifang, Shandong, China. The company manufactures food-contact paper products.

We currently offer three major product series with more than 30 specifications. Our main products include air fryer paper, coffee filter paper, baking paper rolls, steamer paper, baking tray paper, barbecue paper, milk tea leak-proof paper, candy paper, cake trays, tulip baking cups, rolled-edge cups, lace cups, muffin cups, pad paper and other related products.

With a professional production base of over 20,000 square meters, we provide a full range of customized products. Our products meet export-quality standards and are supported by international testing.
